"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

By the passage of Chapters 278 and 279, Laws of 1945, the two Newark District Courts, together with the District Courts at Irvington, Montclair, East Orange and Orange, were abolished and The District Court of the Essex County Judicial District was established.

By the passage of Chapter 384, Laws of 1948, The District Court of the Essex County Judicial District became The Essex County District Court.

The new court's territorial jurisdiction is co-extensive with the limits of Essex County. The other jurisdiction is over every action of a civil nature at law, or to recover any penalty imposed or authorized by any law of this state, where the debt, balance, penalty, damage or other matter in dispute does not exceed, exclusive of costs, the sum or value of

\$1000.00. The court also has jurisdiction in proceedings between landlords and tenants and in actions of forcible entry and detainer, and in actions of replevin where the value of the goods or chattels of which replevin is sought does not exceed the value of \$1000.00 and in attachment for a sum not exceeding \$1000.00.

The court has a Presiding Judge and three other judges and it sits in four parts. Central Office, Part I, is located in the City Hall Annex, Newark, N. J. Parts II, III and IV are located in the Essex County Court House at Newark. An addition to the Hall of Records on High Street, Newark, is now in the course of construction, which will house all the parts of the court upon completion, which will probably be in the Spring of 1952. The Presiding Judge is Alexander P. Waugh. The other Judges are F. D. Masucci, Joseph G. Lyons and Walter H. Conklin. The Presiding Judge assigns the other Judges to preside over and hold each Part of such court and rotates them from time to time. The salaries of the Judges at present are as follows: Presiding Judge \$14,500.00; each of the other Judges \$14,500.00. The Judges hold office for five years.

The Clerk of the Court is Louis Hecht. He is the chief ministerial officer of the Court and all employees of the Court are subject to his control. All fees, payable to the Clerk of the Court, are paid over to the County Treasurer monthly.

The Court is open from 9:00 a. m. to 4:30 p. m.

Advertisers

Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums—the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted*.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

BLOOMFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear".

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

△ Indicates telephone at this number.

"(Right even)" after street description indicates even numbers on right side of street.

The symbol © following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

The history of the United States is a story of growth and development. It begins with the first settlers who came to the shores of the New World. These pioneers faced many hardships, but they persevered and built a new life for themselves. Over the years, the United States has grown from a small colony into a great nation. It has fought wars, experienced economic crises, and achieved many great accomplishments. The story of the United States is a story of the human spirit and the power of dreams.

The Mortality of Advertising

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time
